In 2038, in the SOLARPUNK futuristic city of Chongqing, a story gets told that sets off a chain reaction that threatens our world and the entire multiverse. This is the story of that story.

The world's spiciest ice cream, a trip to Chongqing's rural countryside, & a strange collection of curious belongings begin this unforgettable tale that mixes Solar Punk science fiction and high fantasy for a thrilling modern fairytale about a boy who must risk his soul to chase a 9-tail fox into the dreamlands for the adventure of a lifetime and the chance to save his family.

A new solarpunk novel couldn't come at a better time. SOLARPUNK literature envisions how the future will look when we succeed in solving major contemporary challenges by focusing on sustainability, a harmonious relationship between humans and the natural world, tackling and solving issues of climate change and pollution with green solutions, and community-driven efforts. Punk is a rebel's cause, and what could be more rebellious in 2022 than being optimistic?

“Amos the Amazing is a bedazzling and delightful adventure through a world of wonderment and imagination. The world Jorah Kai has created is full of colorful characters, layered historical depth, and cultural splendor; it rivals Lord of the Rings or Harry Potter in complexity and creativity while maintaining specificity and believability—a recipe for pure literary amazement! This book is a wordsmith’s wonderland, a poet’s playground, and a linguist’s luxury cruise liner that weaves a love for everything Chongqing into a tale that is sure to become an international classic. I already can’t wait to read the next installment in the series. Keep them coming, Jorah Kai!” said Garrett H Jones, Editor and Publisher of Amos the Amazing.
